### King of Tokyo: 5 player game

Giant monsters battling to be king! Roll dice, take damage, heal wounds, or buy buffs. Be the strongest monster and win the game.

## Card Games:

### **Fluxx: 5 player game**

One rule, the rules will change. You begin the game with one rule, draw one, play one. You will draw cards from the deck which will allow players to change the rules, change the game winning goal, limit your hand size, or determine how many cards may be played. First player to meet the game goal wins the game!

**Munchkin: 6 player game** \*This game has different themes, but the rules are the same for each different themed game.

Core rules: You are a party exploring a dungeon. Kick the door in, fight a monster, and earn the treasure. Too low of a level? Request the aid of your party members, use cards to beef your character, use weapons to defeat the monster. Divide treasure. First player to level 10 wins the game.
